Mohammad Aminul Islam

Associate SOC Analyst | Cloud & Network Security | Python | IAM |
NIST Framework | Google-Certified (Cybersecurity, Cloud, Python)
Dhaka, Bangladesh

Summary

I am transitioning into SOC, CTI, and Cloud Security. Google
Cybersecurity and Google Cloud Cybersecurity certified. Skilled in
Python, Linux, SQL, Git/GitHub, IAM, and core cybersecurity best
practices (NIST, CIA Triad). With 6+ years of hands-on professional
experience, I am ready to contribute as an Associate SOC Analyst or
in a Cloud Security role.

Experience

idol wave
6 years 11 months

SEO Developer
April 2022 - Present (3 years 11 months)

I specialize as an SEO Developer, coding and implementing on-page and
off-page SEO, XML sitemaps, robots.txt, schema markup, Analytics, Search
Console, and Google Ads support.

Web Developer
April 2019 - March 2022 (3 years)

I work as a Web Developer, developing and maintaining websites and web
applications, building responsive front ends and secure backend services,
implementing APIs, authentication, and server-side data storage, and writing
clean, maintainable code using server-side technologies along with HTML,
CSS, and JavaScript.

Education

Jahangirnagar University
Master of Science (MSc), Applied Physics and Electronics · (February
2020 - March 2022)
